

WE NEED YOUR HELP!

We are reviewing our **Service User Involvement Policy**, which details how service users and their friends / family can influence how we run our services. It helps to make sure that we are involving those who use, have used or could use Barod services by outlining a clear and consistent approach

How can I get involved?

There are three ways that you can get involved in the review:

1. Contact your worker and ask for a copy of the policy and then send comments either to your worker or directly to us on info@barod.cymru
2. Contact / join your local service user involvement group - you can find out more about this from your worker
3. Email info@barod.cymru or call us on 01633 439813 and request a copy of the policy

Feedback deadline: 1st October 2019

We want feedback from as many people as possible, so please let us know if you need any support to be able to get involved.
